

Package: dppmix (via r-universe)

August 28, 2024

Type Package

Title Determinantal Point Process Mixture Models

Version 0.1.1

Date 2019-12-20

Author Yanxun Xu [aut], Peter Mueller [aut], Donatello Telesca [aut],
David J. H. Shih [aut, cre]

Maintainer David J. H. Shih <djh.shih@gmail.com>

Description Multivariate Gaussian mixture model with a determinant point process prior to promote the discovery of parsimonious components from observed data. See Xu, Mueller, Telesca (2016) <doi:10.1111/biom.12482>.
